

The mission of the Arthritis Foundation is to improve lives through leadership in the prevention, control, and cure of arthritis and related diseases. Through partnering, mobilization and influence, the Foundation is the only nonprofit organization dedicated to fighting more than 100 types of arthritis.

Arthritis Foundation's signature costumed gala will include hauntingly elegant décor, costume contest extravaganza, big board and live auction and a haunted casino.

*The greater Houston area is home to over one million adults and 6,500 children living with the pain and debilitation of arthritis.*

The Arthritis Foundation leads the way in helping people with arthritis live better today and create better tomorrows by funding life-changing research that has restored mobility in patients for more than six decades; fighting health care policies that improve the lives of the 53 million Americans with arthritis; and, providing life-altering information and resources to help adults and children living with arthritis better understand and manage their disease.
